

RIDGECREST INTERMEDIATE
OCTOBER 21, 2025
STUDENT BULLETIN

1. **Happy Red Ribbon Week Raiders!** Each healthy choice you make is like a perfect puzzle piece that strengthens your future. By staying drug-free, you're showing yourself and the world how much you value your health, community, and dreams. When you choose health and positivity, you're putting together a masterpiece where you can aim for the stars and achieve your goals. Keep adding those bright pieces to your puzzle – we believe in you!
Today at lunch the 6th graders will compete in a Puzzle Relay Crew Competition. 6th grade crew teams will race to complete a jigsaw puzzle—but there's a twist! Before earning their next set of pieces, teams must correctly answer a drug-free trivia question. The first crew to finish wins points for their team and a special prize! Today's scavenger hunt facts to remember are:
 - The lungs are the part of the body that is most affected by smoking, making it harder to breathe.
 - The liver is an organ in the body that is most harmed by drinking too much alcohol.
 - Exercise helps you stay healthy and avoid drugs
